- Ability to maintain student discipline on the bus
- Ability to work harmoniously with others and to communicate effectively and appropriately with students, parents, and staff
- Ability to project a pleasant manner and relate well with others
- Hold a valid First Aid Card (Certificate for First Aid will be provided during training)

ESSENTIAL PHYSICAL REQUIREMENTS

Must be in good physical condition and able to meet all of Oregon Department of Education requirements such as listed below but not limited to:

- Ability to drive a variety of school buses.
- Ability to lift and move children off bus, e.g. when injured, sick, disabled, or in the case of an emergency.
- Ability to observe and contain unruly students.

- Meet visual, hearing and physical requirements to qualify for an Oregon Driver's License and an Education School Bus Drivers Certificate.
- May not have impediments or conditions which would interfere with safe driving.
- Qualify for a School Bus Driver Medical Certificate.
- Ability to climb on bus to check fluid levels and fuel bus
- Ability to exit from rear of bus in an emergency (42" off the ground)

Note: The Oregon Pupil Transportation Manual contains OAR 581-053-0006 with a more detailed description of the physical requirements for bus drivers. It further states that "In cases of serious illness, injury or change in physical or mental condition which may impair ability to fulfill the duties and responsibilities of a school bus driver as required in OAR 581-053-0015 and those described in this rule, re-examination and medical approval are required prior to resumption of driving."

It is DDSD practice that drivers returning from a serious illness, or medical leave, and all new hires, pass fitness for duty testing administered by a licensed DDSD 'Behind the Wheel' Trainer and/or a licensed medical facility selected by the District. Tests will include:

1. 125 lb. body drag: Requires ability to drag 30 feet in 30 seconds.
2. Climb and descend three steps with a maximum step height of 17-1/2 inches.
3. Exit bus emergency exit that is at least 42 inches off the ground in 10 seconds.
4. Simulation of opening emergency exit door on the roof of the bus.
